EDUCATION

University of San Francisco San Francisco, CA

M.A. in International & Development Economics May 2008

Thesis: Do Cooperatives Benefit Small Guatemalan Coffee Farmers?
The Competitive Role of Guatemalan Coffee Cooperatives on Farm-Gate Coffee Prices

The Ohio State University Columbus, OH

B.S. in Agriculture December 2001

Major: Agribusiness & Applied Economics; Minors: Horticulture, Spanish
Honors Senior Paper: The H-2A Temporary Agricultural Worker Program: The Program, Its Environment, Its Reforms, Its Future

PROFESSIONAL SKILLS

- Quantitative research methods and data analysis
- Statistical programming (Stata; R): data cleaning, manipulation, analysis, visualization
- Software & AI: Git; GitHub (web/desktop); GitHub Copilot; MS Office Suite; Microsoft Copilot; ChatGPT
- Evaluation design
- Technical writing
- Foreign language: Spanish (proficient)

PROFESSIONAL EXPERIENCE

Data Analytics and Evaluation Design Consultant **Jan 2023-present**

- Lead R programmer for client project developing novel network meta-analyses (standard and component) of multicomponent mathematics interventions to identify instructional practices associated with improved outcomes for Grade K-6 students with or at risk for disabilities using the R package *metafor* (CNMA | inresg; GitHub: Instructional-Research-Group-IRG/network-meta-analysis). May 2023-present.
- Lead R programmer for client project evaluating the impact of Goalbook Toolkit usage on educator practice and student outcomes within the state of Louisiana. Programming tasks include validating, wrangling, cleaning, and analyzing (multivariate regression) data obtained from the Louisiana Department of Education (LDOE) and existing data provided by Goalbook. Nov 2025-present.
- Perform risk-of-bias appraisals of literature on summer change in student reading performance for the University of Tennessee's Summer Meta-Analyses. Mar 2026- present.
- Provide senior technical review guidance and coordination for the rating of education research against evaluation design standards established by the What Works Clearinghouse (WWC) of the U.S. Department of Education for various contracts awarded to multiple clients by the Institute of Education Sciences (IES). Feb 2023-present.
- Served as a peer reviewer evaluating grant applications for the 2025 Fund for the Improvement of Postsecondary Education – Special Projects Program (The FIPSE Special Projects Program | U.S. Department of Education).
- Served as a peer reviewer evaluating grant applications for the 2023 Postsecondary Student Success Grant (PSSG) Program (Postsecondary Student Success Grant (PSSG) Program | U.S. Department of Education).

Mathematica (www.mathematica.org) **Jun 2011-Dec 2022**

Sr. Data Analytics Developer Mar 2019-Dec 2022, remote

Research Analyst Jun 2012-Mar 2019, Oakland, CA & remote

Research Assistant / Programmer III Jun 2011-Jun 2012, Oakland, CA

- Expertly authored dozens of complex data sampling, cleaning, manipulation, and analysis programs in Stata for the comprehensive execution of over 10 evaluations of public policy and international development programs.
- Spearheaded the international unit's statistical programming quality assurance review team ensuring accurate and precise analysis results strengthening the company's reputation of producing high-quality, credible research.
- Developed a Stata user-written program (.ado) to automate the cleaning of survey data increasing programmer productivity, reducing programming errors, and improving consistency across data cleaning tasks.
- Led the development of numerous public- and restricted-use files, including codebooks and documentation, for which I designed an intricate Stata user-written program (.ado) to automate the data deidentification process.
- Efficaciously communicated evaluation designs and results balancing technical writing with data storytelling methods to ensure all written deliverables were accessible to audiences of disparate analytic backgrounds.
- Designed dozens of succinct specification documents to efficiently guide junior staff in the execution of complex statistical programming tasks congruent with their projects' evaluation designs increasing team productivity.
- Effectively coached numerous junior staff in statistical programming and data management best practices accelerating their on-boarding processes allowing them to contribute more meaningfully to projects sooner.
- Reviewed, rated, and reconciled against evaluation design standards the quality and rigor of dozens of studies evaluating the effectiveness of education interventions as a certified reviewer for the What Works Clearinghouse.
- Efficiently managed and mentored a team of 15 What Works Clearinghouse certified reviewers for the accurate and timely execution of a systematic review effort within the pre-k/kindergarten topic area.
- Coauthored and analytically contributed to numerous What Works Clearinghouse products effectively communicating to educators and policy makers "what works" for improving learning and pedagogical outcomes.
- Reviewed and rated against evaluation design standards the quality and rigor of numerous studies evaluating the effectiveness of home-visiting models that serve families with young children as a Certified Evidence Reviewer for the Home Visiting Evidence of Effectiveness (HomVEE) of the U.S. Department of Health and Human Services.

Freeman Sullivan & Co., San Francisco, CA **Nov 2009-Dec 2010**

Senior Analyst

- Authored numerous complex Stata programs to estimate ex-post and predict ex-ante impacts of demand response programs for moderating air conditioning demands on client electricity loads during peak usage times.
- Designed and constructed load pivot tables, interactive report charts, and other explanatory data visualizations for the presentation of results of demand response load impact analyses.
- Coauthored reports on estimated and predicted load impacts of demand response programs to guide energy management policies and decision-making of client electricity utility companies and associated governing bodies.

Trickle Up (trickleup.org), New York, NY **Jun 2009-Aug 2009**

Program Intern- Monitoring & Evaluation

- Estimated and statistically described poverty likelihoods of program participants using proxy income research data collected with poverty scorecards for internal program monitoring and decision-making.
- Designed analysis indicators based on poverty alleviation evaluation literature and quantitative data collected from program sites as part of the design of program performance evaluations of poverty reduction amongst participants.
- Wrote statistical programs for cleaning and analyzing quantitative program research data to statistically describe program activities and participants and estimate program performance on poverty alleviation amongst participants.
- Designed data tables for the organized entry of quantitative data collected from program sites structured to facilitate direct use by staff for descriptive statistics and the seamless importation of data to statistical software.

- Authored statistical guidance for use by monitoring and evaluation staff on the relationship between sample sizes and statistical power for the proper scaling of program performance evaluations given time and budget constraints.
- Authored how-to guides (in English and Spanish) on cleaning and analyzing quantitative data using statistical software for use by monitoring and evaluation staff.

RPM Ecosystems, Dryden, NY **Jul 2008-Apr 2009**

Inventory and Shipping Coordinator

- Managed the inventory databases of all three RPM sites, totaling nearly 400,000 live trees, including the construction of detailed reports and analyses to monitor production and shipping goals.
- Designed, scheduled, and oversaw the execution of all shipments from the RPM-Dryden site to ecosystem restoration and carbon sequestration sites averaging 100 orders per season.

Proyecto Mosaico Guatemala (PMG), La Antigua, Guatemala **Feb 2005-May 2006**

Coordinator of Volunteers

- Coordinated all the activities of 52 PMG English/Spanish-speaking volunteers including international travel, work placement, orientations, homestays, and Spanish study.
- Managed the volunteer database and implemented more expansive data analyses of its contents.
- Controlled the monitoring of 60 active projects assuring compliance with PMG regulations.
- Negotiated and regulated the contracting of more than 10 new partner projects.
- Represented PMG during official meetings, workshops, seminars, and colloquiums.

White's Nursery & Greenhouses, Inc., Chesapeake, VA **Jan 2003-Jan 2005**

Translator and Departmental Supervisor

- Translated (English to Spanish) monthly reviews, annual evaluations, and company meetings.
- Performed duties as liaison between more than 40 Hispanic workers and management for employee issues including visas, wages, schedule, and worker satisfaction.
- Performed role as interpreter for daily activities such as worker training and human resource problem resolution.
- Managed the execution of plant harvesting, processing, and packaging congruent with time, quality, and load sequence goals averaging over 100 plant orders each season.

The Institute for International Cooperation and Development, Guatemala, C.A. **Jun 2002-Dec 2002**

Development Instructor (volunteer)

- Designed, programmed, and managed the development of sustainable trash collection and removal systems in two rural communities as the head of the IICD agricultural and environmental development line in Cuilapa, Guatemala.
- Created and implemented children's projects while instructing underprivileged youth to read in Spanish at Ventanas Abiertas, a library in San Miguel Dueñas, Guatemala.

CERTIFICATIONS

- **Human Subjects Research – Social-Behavioral-Educational (SBE) Foundations**
  CITI Program- *Issued Dec 2025 · Expires Dec 2026*
- **WWC Reviewer Certification, Single-Case Design Standards (SCD), Version 5.0**
  What Works Clearinghouse (WWC), Institute of Education Sciences (IES)- *Issued Apr 2024*
- **WWC Reviewer Certification, Group Design Standards (GDS), Version 5.0**
  What Works Clearinghouse (WWC), Institute of Education Sciences (IES)- *Issued May 2023*
- **WWC Reviewer Certification, Regression Discontinuity Design (RDD) Standards, Version 4.1**
  What Works Clearinghouse (WWC), Institute of Education Sciences (IES)- *Issued May 2022*
- **Certified Evidence Reviewer, Home Visiting Evidence of Effectiveness Review (HomVEE)**
  The Department of Health and Human Services (HHS)- *Issued Jan 2021*

SELECTED HONORS & ACTIVITIES

- 2008 Presented master's thesis at Pacific Conference for Development Economics (PacDev)
- 2007 Graduate program overseas field study in Huehuetenango, Guatemala
- 2001 Graduated with Distinction, Magna Cum Laude, The Ohio State University
- 2001 Undergraduate program study abroad in Guanajuato, Mexico
- 1997-2001 University Honors Program, The Ohio State University

INTERESTS & HOBBIES

- Farming & horticulture; photography; music; exercise & sports; comics & sketching; camping
